## Roller Cabinet for Hybrid and Electric Vehicle Operations

### **Application:**

 Roller cabinet for hybrid and electric vehicle operations. Allows to store all the necessary equipment: PPE, locking devices, signaling equipment and insulated tools in one place.

#### Body:

- Torsion resistant profile construction from heavy gauge steel.
- Corrosion resistant and scratch-proof (matt powder coated).
- Recessed workshop board ensuring a convenient working area.
- Integrated locker for bulky parts.

#### **Drawers:**

- Central lock with cylinder lock.
- Low friction telescopic ball-bearing slides allowing 100% opening of drawers.
- Load Capacity per drawer: 25 kg (50 kg for the lowest 210 mm high drawer).

#### Wheels:

- 2 fixed and 2 swiveling wheels (one with brake) Ø100 mm wheels.
- High quality TPU material resistant to chemicals.
