

## MO-7203.

## Insulated Bi-material Phillips Screwdriver

## Application:

The CATU insulated Phillips screwdrivers are designed to protect you, up to 1000 V AC - 1500 V DC. These screwdrivers have an ergonomic bimaterial grip which gives you better comfort and control. Our IEC 60900 compliant screwdrivers are an excellent choice for both electrical and industrial applications where safety is paramount. You can be assured that the bi-material screwdrivers have been through rigorous testing as set by the IEC 60900 standard to ensure that they are safe to use when live working up to 1000 V AC and 1500 V DC.

## Features:

- · Insulated Phillips screwdriver for live working at low voltage
- Maximum operating voltages: 1 000 V AC 1 500 V DC
- Orange and black bi-material insulation
- · Black soft anti sliping material on handle
- · For Phillips head screws
- Magnetic tip
- Metallic tool in accordance with standards DIN 5262, ISO 8764
