

MS-917-..

Low Voltage detector DETEX

Application:

- Check the presence of voltage.
- Checks voltage levels from 50 to 400 V AC.
- Sound and light continuity for a non-live circuit (threshold of 200 Ω).
- For indoor/outdoor use.

Features:

- Fitted with IP2X test lead points with retractable sleeves.
- Total safety with hazardous voltage indicator light (> 50 V).
- Protection level: IP65/IK06.
- Self test button to discern the verification of the good functioning and the continuity function.
- Completely modular and adjustable to eclipse sockets.
- LED display.

Optional accessories:

- Carrying bag with belt loop, Ref. [M-87285](#).
- Holder, Ref. M-952325.
- Contact probes for L.V. detectors for installation and sidewalk boxes. Ref. [M-8013](#).
- Contact probes for L.V. detectors for flight path. Ref. [M-8014](#).
- Hand stick & stick extension. Ref. [M-951143](#).
